PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science (Data Science) undergraduate with AI engineering experience and hands-on work in Python, machine learning, deep learning, NLP, and data processing. Skilled in NumPy, Pandas, Scikit-learn, TensorFlow, SQL, and data visualization, with experience developing data-driven applications and AI solutions. Strong analytical and problem-solving skills with a passion for transforming data into useful insights.

EDUCATION

Bachelor of Technology in CSE (Data Science)

Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal

Sept 2023 – Expected May 2027

CGPA: 8.3

SKILLS

Programming	: Python, Java, C#
Libraries	: NumPy, Pandas, Scikit-learn, TensorFlow, Matplotlib
Databases	: SQL, SQL Server (SSMS), MySQL, Supabase
AI & Development	: FastAPI, REST APIs, React.js, ASP.NET Core MVC
Tools & Cloud	: Git, GitHub, AWS, Microsoft Azure, VS Code, Visual Studio 2022, UiPath

EXPERIENCE

AI Engineer Intern, Oscowl AI

Mar 2026 – Aug 2026

- Developed and tested Python-based AI components involving data processing and machine learning workflows.
- Worked on AI engineering tasks involving audio data, model integration, debugging, and inference development.

LEADERSHIP

UiPath Student Developer Champion (SDC), RGM CET

Apr 2025 – Present

Led campus initiatives promoting automation and AI technologies, mentoring students and coordinating technical learning activities.

Google Developer Groups on Campus – Core Lead, RGM CET

Sep 2024 – Mar 2025

Organized technical events and collaborated with students, speakers, and faculty to support technical learning and community activities.

PROJECTS

TutorLive – Real-Time Faculty Selection System

- Developed a real-time web application using ASP.NET Core MVC, SignalR, and SQL Server for faculty allocation.
- Implemented database-driven workflows and live synchronization for efficient, conflict-free allocation with concurrent users.

SaarLens – AI Candidate Ranking Platform

- Developed a full-stack AI platform using React, FastAPI, and SQL to process and rank 100,000+ candidate profiles.
- Applied AI-powered ranking, data processing, and explainable scoring to derive relevant insights from candidate data.

ACHIEVEMENTS

- 2nd Runner-up – Best Startup Innovation, Ignite 8.0 (AIC-SK University)

CERTIFICATIONS

- UiPath Certified Professional – Automation Developer Associate
- edX – Python Programming, HTML5 & CSS Fundamentals
